Our Ref: 11260667 – 813758

10 August 2020

Dear Sir/Madam

- What:** Temporary Traffic Order to **close the road** for carriageway resurfacing
- Where:** **3/263 Kingshill Lane, Dursley**. See overleaf for details of road closure.
- When:** For approximately **6 Days (excl. weekends and bank holidays)** between the hours of **09:30 to 15:30**

The PLANNED start and end dates are currently **Monday 24<sup>th</sup> August to Tuesday 1<sup>st</sup> September**, however keep an eye on the web page detailed below or the signs on site for any short notice changes.

Our resurfacing programme is dependent on several factors. It can be affected by things like; heavy rain, changes in temperatures and other weather events as well as plant breakdown and unforeseen technical issues that arise once work has begun. All this means **scheme dates and details can change at short notice**. We appreciate this is inconvenient, and we will keep our online schedule and our social media feeds updated with more details if changes happen.

Find the **most up to date scheme start and end dates** and more information about this scheme via our:

- Website – [www.gloucestershire.gov.uk/resurfacing](http://www.gloucestershire.gov.uk/resurfacing)
- Signs in the area

You can also check for any updates on our website or our social media platforms.

- Twitter - @GlosRoads

If you do not have access to the internet or social media you may wish to ask friends or neighbours to help you access our website. If you know of neighbours who cannot access our website, please share this information with them.

## ROAD CLOSURE

We will be resurfacing the road at the above location as part of our promise to invest £150 million in the county's roads. To ensure the safety of you and our work force we have, under Sections 14, 15 & 16 of the Road Traffic Act 1984 as amended, made a Temporary Traffic Order to **close the road**.

Due to the type of engineering activities required with carriageway resurfacing, the road closure can cover an area greater than the area being resurfaced. This is to allow activities, such as movement and placement of machinery and material.

We appreciate road closures are inconvenient, but in order to keep you and the team working on the road safe it is necessary. We have planned the work so we can be in and out as quickly as possible and have tried to do it at a time that will minimise any inconvenience.

## ACCESS

In accordance with the Temporary Traffic Order, we are not permitted to allow any person or vehicle to proceed along the closed roads; with the exception of pedestrian access to properties, emergency vehicles, and statutory undertakers responding to an emergency situation.

Therefore, if you normally drive into or out of this area during the hours when the road closure is in place, we ask you to please make alternative arrangements.

In exceptional circumstances, some level of access may be considered. This will be on a case by case basis and only where it doesn't impact on our ability to carry out the work and where it is safe to do so. Any access during this time would be at the drivers own risk as it is a works site and may have raised iron works or a temporary surface.

### **SPECIFIC ACCESS FOR HOSPITAL**

We will attempt to maintain access **FOR THE HOSPITAL ONLY** via either Kingshill Lane or Everlands to Lister Road. However there will be a short period of time whilst we are working directly across the entrance to Lister Road when access will **NOT** be available (with the exception of blue light emergency vehicles). Works will be undertaken in two sections with activity taking place on either Kingshill Lane or Everlands. Depending on which section is being worked on access for the hospital will be available via the other section. We are unable to specify exactly when to approach from which direction; however the appropriate hospital diversion will be sign posted on site as the works progress together with the official diversion route. Hospital traffic into and out of Lister Road will be managed by two way traffic lights while works are in progress.

### **Contact Us**

- Thank you in advance for your patience and co-operation. If you have any queries please refer to the Frequently Asked Questions leaflet delivered with this letter, visit our web site [www.gloucestershire.gov.uk/resurfacing](http://www.gloucestershire.gov.uk/resurfacing) Or email us at [highways@gloucestershire.gov.uk](mailto:highways@gloucestershire.gov.uk)

Below is a map showing the extents of the road closure.

David Hicks  
Structural Maintenance Team Manager  
Gloucestershire County Council

## Road closures – your questions answered

It is often necessary for us to temporarily close a section of road for essential resurfacing or maintenance work. We close the road for safety reasons and also to get the work done as quickly as possible.

You are receiving the following information because you live or work on a section of road that is due to be temporarily closed in the near future. We hope this will help answer any questions you may have. Properties immediately affected by the road closure should have received a letter with further details. If not please contact [highways@gloucestershire.gov.uk](mailto:highways@gloucestershire.gov.uk)

Question	Answer
Will we be able to drive back and forth from our property while the road is closed?	As the work involves hot asphalt and large equipment, we will be unable to allow traffic through the <b>Road Closure</b> . If you normally drive into or out of the Road Closure during the hours when the closure is in place, we ask you to please make alternative arrangements. In exceptional circumstances, some level of access may be considered on a case by case basis but only where it does not impact our ability to undertake the necessary works and where it is safe to do so.
Can I walk through the road closure?	Pedestrian access will be maintained to properties within the road closure and you will be allowed to proceed when it is safe to do so.
Why can't you do these works at night?	We always consider night working as an option but it is often not feasible due to environmental restrictions related to noise, particularly in residential areas.
Where am I expected to park while the road is closed?	If you usually park on the road within the <b>Road Closure</b> , you will need to find alternative parking nearby during the hours of the road closure. There is a possibility that your vehicle may be towed out of the area if it is obstructing the works. Off-Road Parking will not be affected however vehicle access will only be granted in exceptional circumstances where it does not impact our ability to undertake the work and where it is safe to do so.
I'm expecting a delivery to my home during this period – will it get to me?	Delivery drivers are often happy to park nearby and use pedestrian access to make their delivery. Vehicle access through the <b>Road Closure</b> will not be possible, therefore to avoid disappointment please consider rearranging any deliveries for after the work is finished or outside of the road closure hours.
We are a business, how will staff / customers / deliveries be able to get through?	Please encourage staff, customers and deliveries to access the business outside of the Road Closure hours. If this is not possible, please encourage staff and customers to park nearby and use the pedestrian access. In exceptional circumstances, some level of access may be considered on a case by case basis but only where it does not impact our ability to undertake the necessary works and where it is safe to do so.
I'm disabled and need vehicular access to my property – can this be accommodated?	In exceptional circumstances, some level of access can be considered on a case by case basis but only where it does not impact our ability to undertake the necessary works and where it is safe to do so. Please call our Customer Contact Centre with details of your circumstances or, if work is already underway please let our gateman or site manager know your circumstances and they will do what they can to assist.
We are expecting home visits from a carer / district nurse / midwife during this period – will they be able to get through?	Please let your carer / district nurse / midwife know about the road closure as they may need to allow extra time for the visit in case of delays. It is likely that vehicle access through the Road Closure will not be possible, therefore it is suggested that visitors park outside of the road closure and use the pedestrian access. Please call our Customer Contact Centre with details of your circumstances or, if work is already underway, please let our gatemen know of any expected visits in advance and they will do what they can to assist.
This road is on a bus route, what will happen to the buses while the road is closed?	We notify the bus companies about road closures well in advance, they will have arranged alternative routes. Please contact your bus operator for more details.
How will our rubbish and recycling be collected with the road closed?	Your refuse collector will have been advised of the closure well in advance and should have made alternative collection arrangements. Please contact your refuse collector for more details.
Why does the diversion route have to go so far?	Official diversion routes that use roads of an equivalent classification will be signposted. This allows HGV's and buses to be confident that the roads are suitable for them in terms of weight restrictions and low or narrow bridges.
How are you going to stop traffic from using the road past my house?	Official diversion routes will be signposted that use roads of an equivalent classification that are suitable for weighted vehicles such as HGV's and buses. With regards to local traffic movements, we have no authority to stop individual road users from deciding to use alternative routes outside of the road closure.
