Under Utilised Space at the Back of the Pavilion – September 2019

Back of Pavilion (playground end)

Back of Pavilion (Gated garage end)

Kingshill Cemetery

September 2019

Compound/Storage

It has been suggested that we look to improve the appearance of the compound area because of its sensitive location within the cemetery. Ideas put forward include:

- better location of skips and waste so that it is positioned out of sight,
- allow the hedges to grow up,
- install a new shed so that equipment/barriers are out of sight,
- gate the entrance*,
- fence the area *,

Other ideas include:

- install new tap fittings,
- purchase new watering cans.
