

FUTURE DURSLEY

Neighbourhood Development Plan

Call for sites

Local residents have formed a Steering Group to draft a Neighbourhood Development Plan (NDP) under powers provided by the Localism Act 2011. The NDP gives local communities the power to put in place planning policies for the next 20 years. As part of its work to assess future development needs, the Steering Group is calling upon property and landowners within Dursley to propose sites for employment, housing development and community facilities.

The 'call for sites' is an informal opportunity for individuals and organisations to propose sites within the town for development. This exercise will not in itself decide whether a site should be allocated for development. We are going through a methodical site assessment process and will review the findings at a later stage in developing the Plan. The deadline for responses is Tuesday 15th September 2015.
